

# Painting Vacations In Cornwall

Al Cazu (Alan G Williamson) is an artist who has been living and working in Cornwall for the past fifteen years. He has travelled around the world and has recorded many of his adventures in his drawings and paintings that he has produced throughout his life.

Al arrived in Cornwall on a sailboat and was so intoxicated by the Cornish Coastline that he stayed. This artist has in the past taught art and design in the United States, Italy, and here in the UK. For some years Al taught here in Cornwall at the Falmouth School of Art.

Al is now organizing and operating painting holidays in Cornwall. These art-focused vacations are tailored to your own individual needs and requirements. Accommodation can be arranged and trips to explore and paint the spectacular Cornish seascapes are a part of the package.

Al specialises in the traditional skills of drawing and the art of painting with watercolours.
